Data Collection: Wash Volume Report Program

KENT
DATA | ANALYTICS | CONSULTING

Members send in data in an Excel Spreadsheet format on a monthly basis. All data collected is kept confidential and is only used for the purposes of the Wash Volume Reports.

Company Name: ABC Wash
Month: Jan-18

Cycle Definition: Number of cycles is equal to all washes, including rewashes and maintenance. Should you sell four carwashes for the price of three this should be recorded as four cycles.
Revenues: Revenues for all types of carwashes should include only car wash revenue – revenues from vacuums, vending machines or other revenue sources should NOT be included.

Street Address	City	Prov	Postal Code	Phone Number	# of Car Washes At Site	# of Bays At Site	Number of Cycles								Revenue by Car Wash Type							
							Touchless Rollover	Friction Rollover	Touchless Conveyer	Friction Conveyer	Rollover Hybrid System (*)	Conveyer Hybrid System (*)	Coin Operated/ Time Pay	Combination (multi-type) (**)	Touchless Rollover	Friction Rollover	Touchless Conveyer	Friction Conveyer	Rollover Hybrid System (*)	Conveyer Hybrid System (*)	Coin Operated/ Time Pay	Combination (multi-type) (**)
123 Main Street	Anytown	ON	N0A 1A0	123-456-7890	1	1	2456								$25,689							
456 2nd Street	Anytown	ON	N0A 1A0	123-456-7899	2	8					6457		3111						$64,457		$12,444	

Sample input form is for illustration purposes only

Data is reported on a by location basis broken down by machine type.

Notes:
* Hybrid is a machine which can be selected to provide either a touch or touchless wash.
** A "Combination (multi-type)" site has a mix of machines and/or bays where the operator cannot distinguish revenue between the different types.
# Bays at site refer to the # of coin-op bays only.

NOTE: The above report is a sample only. The data is not real and does not represent any actual participants.
